

Queen Leaves for Visit to U.S., Canada

LONDON (AP) — Queen Elizabeth and Prince Philip flew off into strong headwinds today for a 10-day visit to Canada and the United States.

Their American-made DC7 departed into a chilly, misty morning for the 13½-hour flight to Ottawa. Waiting for her in the Canadian capital were the commonwealth nation's top leaders and thousands of visitors who jammed the city in chilly but clear fall weather.

The queen looked sleepy-eyed as she boarded the plane without turning to face photographers from the flower-festooned ramp. Prince Philip walked behind her bareheaded and smiling.

Once inside the cabin, the queen sat down by a window, took off her blue velvet hat to show her freshly waved brown hair, and looked out the window.

As the big plane rumbled off down the runway, the queen waved her fingers to the small crowd. Police said the early hour cut the number of people there to wave their sovereign off.

The chief pilot, 51-year-old Capt. Gordon Store of South Africa, said strong headwinds were expected on the flight.

An airlines official said the strong winds might give the royal pair a few bumps before they reach Ottawa.

The queen will be greeted at Up-lands Air Base, about eight miles from Ottawa by Prime Minister John G. Diefenbaker, a 21-gun salute and an honor guard.

The royal couple planned to arrive at the governor general's house, where they will occupy a three-room suite during their four days in Canada.

She and Philip will leave Ottawa Wednesday for Williamsburg, Va. They will fly to Washington Thursday in President Eisenhower's personal plane.

Presbyterians Plan Special Prayer Week

The Week of Prayer and Self-Denial for Church Extension will be observed throughout the Southern Presbyterian Church beginning Sunday, October 13th. A study on Christian Citizenship will be made. Sessions will be held in various homes from Monday through Friday at two o'clock.

Mrs. C. C. Lewis will have the study group meet in her home on Monday, Mrs. Ched Hall on Tuesday, Mrs. Fred Ellis on Wednesday, Mrs. Dorsey McRae, Sr. on Thursday, and Mrs. James Pilkinton on Friday.

An offering will be made during the week. Eighty per cent of the offering will go for Church Extension work in this Presbytery and 20% will go to the Board of Church Extension. The challenge to all Southern Presbyterians is "Dare to give a day's pay."

Army Still Can't Decide Which Is Best

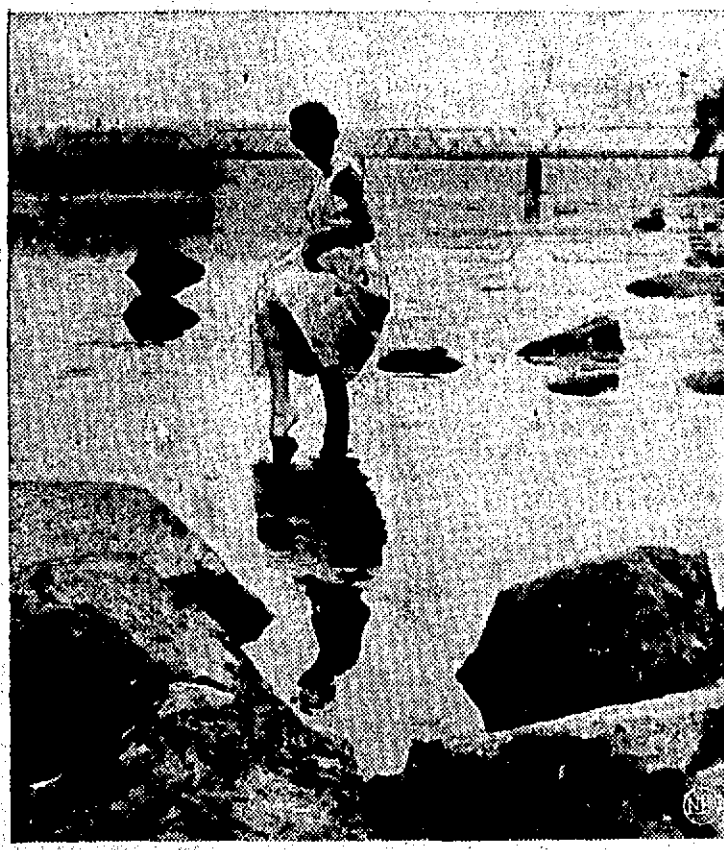

WASHINGTON (AP) — The Pentagon, still undecided between Army and Air Force versions of the intermediate range ballistic missile, will continue testing both on a speedup basis.

How soon a decision can be made, a spokesman said, will depend on what future tests show. A choice of one or the other, or a combination of both, has been sought within the next few weeks.

No reason was given for the change of plans except the need for more data. The announcement made no mention of Russia's firing of the first earth satellite, sent aloft by a powerful rocket.

Secretary of Defense Neil McElroy announced last night that he had approved a recommendation to continue testing of the Jupiter and the Thor intermediate range ballistic missiles until a better technical basis is established for an IRBM program decision.

The recommendation came from William M. Holaday, head of a three-man committee which includes an Army and an Air Force

WASHINGTON COULDN'T WAIT—But if the leader of our Revolutionary War forces had, he'd have found crossing the Delaware a lot easier. Gay Yeager of Newton, Pa., stands in the spot where Washington started the famed winter crossing. Severe drought has brought the river down to where one can wade across it. It normally is 13-15 feet deep.

Christmas Toy Retailers Fear Sputnik

NEW YORK (AP) — Retailers, stocked to the hilt with Christmas toys, are in something of a lizzy over Sputnik.

Even Santa Claus has changed his plans.

In Allentown, Pa., Hess Brothers department store is making a last minute switch in arrangements for its annual Christmas party. Instead of gliding down on the Allentown Fairgrounds in a helicopter, Santa will make a dramatic appearance aboard a motorized satellite.

"Our designers are working on it now," says the store.

"Macy's New York" department store is doing what it calls a "real rush job" on a new section in the toy department completely devoted to interplanetary space.

It will feature such things as earth satellite balloons (39 cents), geophysical computers (\$1.98) and satellite battle stations (3.98). Also a 20-inch vinyl plastic globe (\$12.00).

"We've pushed up out plans," explains a store official. "We hope to have the space toy section ready this weekend."

Not to be outdone, Gimbel Bros. is running full-page newspaper ads proclaiming: "Not even the Russians have this satellite launcher or sky sweeper."

In the first week of its stellar gyrations, Sputnik has brought about a veritable boom in sales of binoculars, telescopes and science fiction.

Bell Says New Cable Nearly Completed

LITTLE ROCK (UP) — The new Little Rock-to-Port Smith underground long distance cable is about 85 per cent complete, and telephone crews are rushing the project, hoping to complete the job before winter weather.

Warren Bray, Southwestern Bell Arkansas General Manager says the \$5,000,000 project, begun in June of last year should be ready by mid-December.

"We'll need a couple of weeks to test and retest the circuits in the cable. By then we'll be ready to begin sending conversations over it," Bray said.

Bray estimated that the new cable will be in service, that is for use in January.

The cable runs parallel to Highway 64. At present workmen are on the job between Coal Hill and Hartman near Mulberry, west of Oak, and near North Little Rock.

The new cable means that the entire calling route between Little Rock and Port Smith will be underground. This enables virtually uninterrupted long distance service, eliminating trouble calls with overhead lines.

Southwestern Bell Arkansas says branch cables will be placed from the main cable to Conway, Morrilton, Atkins, Pottsville, Russellville, Lamar, Clarksville, Hartman, Coal Hill, Altus, Ozark, Mulberry and Alma.

The utility said the Little Rock end of the cable will be completed with the new Little Rock-Palladium cable and the Little Rock-Morrilton cable.

When the cable is in operation the company said it will mean a total number of storm-proof cables amounting to 700 miles.

Arkansan Named to a UN Post

WASHINGTON (AP) — Appointment of Victor Muscat, Newport, Ark., industrialist, as Arkansas filiaee chairman for the United States Committee for the United Nations was announced today by National Chairman Stanley Rumbough Jr. Muscat is president of the Victor Metal Products Corp.

Woman Pays for Taking Lives of Six

MONTGOMERY, Ala. (AP) — A plump, 50-year-old waitress who killed three daughters, her mother and two husbands with rat poison died in the electric chair early today.

She left behind a wish for her body to be turned over to a medical institution. She said she wanted it learned "why I committed the crimes I have committed."

Mrs. Rhonda Belle Martin died clutching a New Testament in her left hand.

Mrs. Martin was put to death for the poisoning of her fourth husband, Claude C. Martin, in 1951.

After her arrest in March 1956, she signed a statement admitting that she fed rat poison to two other husbands, three of her children and her mother.

Her fifth husband, Ronald Martin, survived the poisoning, but the other victims died. Ronald Martin is the son of the victim for whose killing the waitress paid with her life.

Prison officials yesterday found in Mrs. Martin's Bible a note she had written Oct. 14, 1956. It was turned over to authorities at Kilby Prison, where the electrocution was carried out.

The note said: "At my death, whether it be a natural death or otherwise, I want my body to be given to some scientific institution to be used as they see fit, but especially to see if someone can find out why I committed the crimes I have committed."

"I can't understand it, for I had no reason whatsoever. There is definitely something wrong. Can't someone find it and save someone else the agony I have been through."

The condemned woman was strapped in the chair at 12:07 a. m. and received 2,300 volts of electricity three minutes later after one false start. When the switch was thrown the first time, it was discovered the electrodes hadn't been plugged into the chair and the task had to be repeated.

Gov. James E. Folsom denied an appeal for clemency yesterday. Besides Claude Martin, the woman admitted poisoning her second husband George Garrett in 1939. She also told of feeding rat poison to three daughters, 3-year-old Emogene Garrett in 1937; Anna Carolyn Garrett, 8, in 1940; and Elynn Elizabeth Garrett, 11, in 1943. She also admitted that she killed her mother Mrs. Mary Frances Gibbon in 1944.

Her written statement said she had small insurance policies on the lives of all six victims. She was tried only for the death of Claude Martin.

Farm House Repair Loans Available

The construction and repair of farm houses and other farm buildings may be financed by Farmers Home Administration loans, W. M. Sparks, the agency's local county supervisor, said this week.

He said the same kind of farm housing loan program is available as last year when American farm owners borrowed \$21,300,000 to construct, improve or repair farm houses and other essential farm buildings, or to provide water for farmstead or household use.

Farmers Home Administration loans are provided only when a bank or other lender cannot adequately serve the farm owner's credit needs, at the present time. The agency does not compete with conventional or cooperative lenders, Mr. Sparks said, but does supplement the credit services supplied by other sources. Borrowers agree to repay the housing loans within the shortest time consistent with their repayment abilities, but no loan schedule can go beyond 33 years. The interest rate is 4 per cent.

Although housing loans go only to farm owners, and owners may borrow to repair or build a house or other farm buildings for his tenants or farm laborers, a borrower must be an American citizen. Any farm involved must be big enough and operated in such a way as to be considered an actual farm, and it must produce a substantial part of the operator's annual cash income. Farmers cannot use farm housing loans to buy land or refinance debts.

Mr. Sparks cautioned loan applicants against starting construction work or incurring debts for work or materials before their loans are closed, if they expect to obtain their financing through the Farmers Home Administration.

Parsons by their building materials wherever they please, usually from local dealers. They obtain their building plans from any reliable source they choose. The Farmers Home Administration has a limited number of plans that applicants may use if they want to. During construction the agency makes periodic inspections to make certain that sound construction standards are followed.

Claims 10,383 New Jobs in Arkansas

LITTLE ROCK (UP) — A total of 10,383 jobs has been announced within a year by 110 new or expanding industries in the state, the Arkansas Industrial Development Commission reported today.

The commission said its figures are for the year ending July 1, 1957 and include only firms announcing plans for 10 or more new employees.

Industrial growth was not concentrated in any section of Arkansas, the commission said.

The annual payroll of new and expanding companies totals 30 million dollars for the second straight year, the commission said.

In the report to Gov. Orval Faubus the commission commended the "heartening support given the commission by the Legislature and the governor."

The report, signed by AIDC Chairman Winthrop Rockefeller, said "significant national attention was drawn to Arkansas by stories and articles highlighting the new state industrial program" in the Saturday Evening Post, Christian Science Monitor, Business Week and Time.

**Staff of Plant
Now at Jonesboro**

JONESBORO (UP) — Officials of the Colson Corp., which is building a \$500,000 ester plant here, said the office staff of the plant has completed moving from El Dorado to Jonesboro.

Jack J. Begley, vice president and general manager of the Jonesboro plant, said movement of machinery here from Ohio was started several weeks ago. He said a stock of completed esters is being shipped to the Jonesboro plant.

More than 200 workers will be employed by the plant here when production gets underway.

ROARING PROTEST — High above the crowd in London's Trafalgar Square, this stone lion "roars" in protest against the H-bomb. The three loud-speakers mounted in front of it carry the voice of the speaker, who addressed the gathering from a platform situated on the monument in background. The rally was addressed by 30 members of Parliament who support a ban on all hydrogen weapons.

Officials Peek Into Oil Damage

EL DORADO (AP) — Company officials began today to assess damages from a spectacular fire which swept the Johnson Oil Co. bulk plant here yesterday.

Three gasoline storage tanks exploded in the fire which raged out of control for nearly two hours. Flames and debris were hurled 500 feet into the air by an explosion at the height of the blaze.

Two employees suffered minor injuries.

The three tanks, each with 10,000-12,000 gallon capacity, three company trucks and pumping facilities were destroyed. Company offices, from which three employees escaped, were scorched but did not burn. A truck owned by the Beebe Oil Co., was also heavily damaged. It was parked across a railroad track from the plant.

The fire leaped across a street and destroyed a 5 room house and a car belonging to Elton Jones.

Mose White, an employee, said the whole area was suddenly engulfed in flame when he closed an electrical switch to stop overflow of one of the tanks which was being filled from a transport truck. While suffering neck and arm burns and L. G. Wells, who directed office workers to safety, was burned on the arms.

Three other tanks in the storage area, containing tractor fuel, diesel fuel and kerosene, were damaged but did not explode.

Reed Johnson and Bill Johnson, the father and son who own the distributing company, were reported on a hunting trip in Colorado. Mrs. Reed Johnson said a complete damage report would not be available until they arrive, but she said "it would run in tens of thousands of dollars."

All units of the El Dorado fire department, aided by firefighting personnel from Dowell Chemical Co. and Lion Oil Co., battled the blaze. Some El Dorado firemen remained on duty through the night.

Demos Call for All-Out Try on Missile

WASHINGTON (AP) — The Democratic Advisory Council, expressing shock at Russia's being first with an earth satellite, called today for "an all-out national effort to regain our position in the primary fields."

The council said in a statement the Russian achievement is proof that the Eisenhower administration "has been leading the people to believe that we have a national security which in fact we are rapidly losing."

The Democratic statement came after Rep. Simpson (D-Pa.) said the Democrats are shedding "crocodile tears" over Russian successes in the satellite and missile fields.

Simpson, chairman of the Republican Congressional Campaign Committee, yesterday called these Democratic complaints phony. He said Democrats in Congress played a big part in cutting the defense budget.

He said that "if the pseudo military experts in the Democrat party will just calm down, the American people will reach their own conclusions that one moon satellite hasn't cost them their security."

Explanation of 'Order' Won't Halt Criticism

WASHINGTON (AP) — Official release of a short-lived and hitherto secret Army riot training order appeared unlikely today to halt criticism from Southern Congress members.

Southerners expressed dissatisfaction with Secretary of the Army Brucker's explanation yesterday of a controversial order directing the formation of task forces to deal with possible civil disturbances of the type which erupted in the school integration dispute at Little Rock, Ark.

Brucker wrote Sen. Russell (D-Ga.), chairman of the Armed Services Committee, that Gen. Maxwell D. Taylor, Army chief of staff, was the author of the directive. The secretary had refused until then to say who issued the order or to give any information about it.

Sen. McClellan (D-Ark.) raised the question again last night of whether President Eisenhower had ordered Taylor to issue the order. The White House already has denied that Eisenhower had anything to do with it.

Taylor's Sept. 25 order called for four regular Army divisions to form special task forces of 1,000 to 1,200 men each "in event troops are required in situations similar to that now current in Little Rock."

The units were to be organized by the 1st Infantry Division, stationed at Ft. Riley, Kan., the 1st Armored at Ft. Polk, La., the 32nd Airborne at Ft. Bragg, N.C., and the 3rd Infantry at Ft. Benning, Ga.

The units were to be organized by the 1st Infantry Division, stationed at Ft. Riley, Kan., the 1st Armored at Ft. Polk, La., the 32nd Airborne at Ft. Bragg, N.C., and the 3rd Infantry at Ft. Benning, Ga.

HISTORY MAKER — The youngest man ever to make the famed Northwest Passage is the proud achievement of Timothy Wood, commanding officer of the Starke and also commanding officer of the three-unit task force which made the transit through the Arctic waters, had to get special permission to make the trip from the U.S. Navy, which conducted the operation, and from his school principal in Juneau, Alaska.

At the closely-guarded Cape Canaveral missile test center there wasn't even confirmation that an Air Force Thor had been fired. Defense Department regulations limit local announcements to bare statements that a missile was fired.

A second missile, launched during the afternoon, was believed to be a Snark. That is a guided missile which already has been developed to a point that enables its operational use.

Program Highlights

Music and News all day

Humble yourselves in the sight of the Lord, and He shall lift you up.

James 4:10

When confusion confronts those stricken by grief, we endeavor to serve in a manner that dispels anxiety and affords peace of mind.

BLONDIE By Chick Young

1. I CLEANED OUT MY SEWING MACHINE. HERE ARE SOME EMPTY SPOOLS FOR YOU.
2. WHAT CAN I DO WITH THEM?
3. YOU CAN PLAY WITH THEM.
4. I USED TO BE SO HAPPY WHEN MY MOTHER GAVE ME EMPTY SPOOLS TO PLAY WITH.

PRISCILLA'S POP By Al Vermeer

1. NOBODY LIKES ME! I'M RUNNING AWAY TO BOLIVIA!
2. NO NO STUART! YOU'RE MAKING A TERRIBLE MISTAKE!
3. AM?
4. INDEED YOU ARE! BOLIVIA IS THAT WAY!

SIDE GLANCES By Gelbreth

1. William wants five Indian pennies—hand the nice man your nickel, William!
2. (Panel continues the scene)

CARNIVAL By Dick Turner

1. Thanks so much for finding him, officer! I didn't even miss him until I passed the Hamburger Heaven and he didn't say anything!
2. (Panel continues the scene)

OUT OUR WAY By J. R. Williams

1. LOOK, MA, HE'S WISE TO YOU! WHEN HE SAW YOU COMING WITH HIS MEDICINE, HE HAD TO SNEAK UNDER THE COUCH!
2. WELL, YOU'RE A BIG HELP STANDING THERE ADMIRING HIM FOR IT? I'VE CHASED UPSTAIRS AFTER HIM AND I'VE HOTTED AFTER HIM INTO THE BASEMENT, BUT I REFUSE TO CRAWL UNDER THE FURNITURE TO GIVE HIM THE STUFF! HALL HMM OUT!

BUGS BUNNY

1. (Panel shows Bugs Bunny and a character)
2. (Panel continues the scene)

OUR BOARDING HOUSE With Major Hoople

1. HE'S BEEN BRAYING IN THE TUB, BUT NOW HE EVEN IMITATES A MENAGERIE SINCE THAT RAT PIKE OAYED HIS OWLS QUARTET FOR TV!
2. HE USED TO DO A LITTLE BRAYING IN THE TUB, BUT NOW HE EVEN PRACTICES AT THE TABLE. HE SAYS "PASS THE PANCAKES" SO IT SOUNDS LIKE "MANY BRAVE HEARTS ARE ASLEEP IN THE DEER!"

OZARK IRE By Ed Straps

1. (Panel shows a character with a speech bubble)
2. (Panel continues the scene)

MORTY MEEKLE By Dick Cavalli

1. I FEEL AWFUL, DOC. MY STOMACH HURTS.
2. LOOKS LIKE NERVOUS STOMACH TO ME. STEP INTO THE X-RAY ROOM AND WE'LL TAKE A LOOK.

WASH TURBS By Leslie Turner
